

Jeffrey A. Senall, MD, Director of The Orthopaedic Foot and Ankle Center at OAD, is a board certified orthopaedic surgeon who completed a fellowship in foot and ankle disorders at the Mayo Clinic. His specialized training involved intense study, research and teaching of both the non-operative and operative care and treatment of foot and ankle conditions. He has authored numerous published works and provides presentations on topics related to the foot, ankle, and lower extremity.

With expertise in all foot and ankle disorders, Dr. Senall performs total ankle joint replacement, minimally invasive surgery, complex hindfoot, midfoot and forefoot reconstructive procedures. He is a member of the American Academy of Orthopaedic Surgeons and the American Orthopaedic Foot and Ankle Society.

Gregory P. Witkowski, MD, is an orthopaedic surgeon who completed a fellowship in foot and ankle/lower extremity trauma and reconstructive surgery at the Florida Orthopaedic Institute in Tampa.

His expertise in foot and ankle disorders and injuries includes arthritis, deformity correction, fracture care, arthroscopic and reconstructive procedures.

Dr. Witkowski is board eligible by the American Board of Orthopaedic Surgery and a member of the American Academy of Orthopaedic Surgeons and the American Orthopaedic Foot and Ankle Society.

Rachel A. Cisko, DPM, OAD's podiatric physician and surgeon, earned her Doctorate of Podiatric Medicine degree from the Dr. William M. Scholl College of Podiatric Medicine in Chicago in 2001 and completed a two-year post-graduate residency specializing in foot surgery from Loretto Hospital in Chicago.

Dr. Cisko is an Associate of the American College of Foot and Ankle Surgeons and a member of both the American and Illinois Podiatric Medical Associations. She has had the distinction of having served as an Assistant Professor and Clinician at the Dr. William M. Scholl College of Podiatric Medicine.

Dr. Cisko specializes in complete family-oriented medical and surgical treatment of all foot disorders.
